# FROM THE EDITOR

**G**reetings viewers! You join us at a special time. A new look NZX and an issue geared toward the top talent who'll be appearing at Auckland's Erotica Expo in August.

But first, some publishing news. As some of you will know, for the past ten months, BRASS magazine has been our sister publication on the R18 shelves. If you looked for it last month, you wouldn't have found it.

Why?

Well, some of us drink a bit.

Cheers.

But that had nothing to do with it. Instead, it's been decided to close the doors on BRASS (maybe permanently, maybe temporarily) and focus solely on NZX. This means good things for NZX. For starters, all the strengths of BRASS will be absorbed into NZX.

Ergo, watch out for more feature articles (this issue: we venture inside Auckland's innovative, new adult venue, the Establishment), more columnists (this issue: say hello to Miss Violet), and more hot chicks (naturally).

On that score, we have some fantastic New Zealand models, never seen before in NZX (or anywhere else) lined up for the second half of 2008. If you only read the mag occasionally, don't blink and don't miss another issue this year. You'll be missing out on the good stuff!

Let's also note, with the demise of *Scandals* magazine, NZX is now the only

R18 magazine produced in New Zealand. We'll take this responsibility to heart and strive to bring you an action-packed magazine every month, and provide definitive coverage of NZ's adult scene.

And the big news this month is the Erotica Expo. Steve Crow has excelled himself and secured the presence of three starlets who represent the cream of the crop of American porn: Bree Olson, Kayden Kross, and Veronique Vega.

We have pictorials with each of them in this issue. Take your mag to the Expo and get it signed. Or get a personal photo of yourself with the star. She'll be naked. Your clothes are optional.

Of course, we also have kiwi girls in this issue. Our amateur section begins on page 62. And from page 10, see if you're tempted by the tantalising shots of Auckland girl Roxy.

Now, whose round is it?

### HER PUSSY

Wow, if I didn't believe in karma before, I certainly believe in karma now. Karmah to be precise, your hot model from Palmerston North. Good things certainly happened to me when I saw her pussy! Any chance of seeing Karmah again, perhaps demonstrating the kama sutra?

Derek, Rotorua.

### SEXUAL SATISFACTION

It amazes me how many people are anti-porn, whether they be on the feminist left or the religious right. As much as they disagree on other issues, the one common ground they have that I know of is the belief that porn is ruining the world.

Well, I've got news for them. Porn is as old as humankind. It's been around ever since humans made paintings on caves. And it will stay around, come rain or shine, until Armageddon. The reasons for consuming porn vary from man to man, but I would like to outline the pros and cons that apply at least to me.

#### THE PROS:

1. Porn gives me an outlet for my sexual urges that real-life women can't. All my life I've never clicked too well with either sex, never mind the female one. Thus my dating opportunities were few in high school, and even fewer in subsequent years. So when I get horny, I have porn to fall back on.

2. Porn doesn't get mad at me for something I either did or failed to do. Many real-life women do that to their men so frequently that the men give up trying to please them. No matter what they do, it's never good enough. But with porn, I'm the only one who needs pleasing. It gets me off, no questions asked.

3. Porn doesn't get pregnant or give me STDs. No condoms necessary. Just a magazine or webpage plus either of my hands.

4. Porn never gets jealous if I view

NZX #71 covergirl,  
Karmah from  
Palmerston North.

other porn. *Playboy* has been around since 1953. **NZX** since 2001. How many hundreds of centerfolds does that add up to? And guess what, not one of them will ever care if I whack off to any of the others. And a few (Marilyn Monroe, Anna Nicole Smith) are no longer even alive to care.

#### THE CONS:

1. Porn can't keep me or my bed warm on cold winter nights. Of course, I can make up for that by rubbing myself against the sheets, thereby warming up both myself and the bed in little time.

2. Porn has no arms to hold me when I cry. I will concede that we all need the touch of another human being every now and then, and porn is a poor substitute in this regard.

3. Porn is often expensive. Though not as bad as petrol. Of course, there are low-cost exceptions if one looks hard enough.

4. For some, porn does get addictive. I have read stories about men indulging in porn so compulsively that they neglect their jobs, bills and other real-life responsibilities, and those who are married come to prefer porn over their spouses, even when said spouses are ready, willing and able to have sex. But porn, like alcohol, does not turn all of its consumers into addicts.

And just as there will always be people who condemn porn as evil, there will always be people like me who turn to it for sexual satisfaction!

**Remington Steel, Masterton.**

### CELEBRITY CUNTS

I'm on the verge of taking up smoking. I've never had the habit before. Tried it when I was 13 and figured my meagre pocket money was better directed on albums and condoms. Haven't considered smoking since. What's changed? It's those fucking anti-smoking ads on TV.

The new ones with all the pious, condescending, local celebrity cunts telling us that smoking's not in *their*

future. They're laughing at the ludicrous absurdity of it. They think it's just, like, such a turn off! Well, that's just rosy.

Now shut the fuck up about it.

Are "the kids" (an amorphous group that the ad campaign is presumably aimed at, but who don't in fact really exist) gonna be influenced by some dolt on the TV telling them that smoking's not cool? You don't think they're capable of making their own minds up about it? You don't think telling them not to do something is not gonna make any self-respecting soul immediately want to do the opposite?

I'm in that boat now. And I don't even have the excuse of being a teenager. Or wanting a cigarette.

**FB, Auckland.**

### WET PUSSY

It was great to see kiwigirl Sasha in **NZX** #70. She truly is one sexy momma who has a damn fine, fuckable body. I bet Sasha knows how to work it in the bedroom. I wish I was there to check it out for myself! Thanks **NZX** for bringing my favourite kiwigirl, Surhey, back in a

smokin' photo spread. She could sit on my face and suck my dick. But only if she wanted to! As for kiwigirl Natasha, yes, what a lovely wet pussy she has. Wonder what it would be like to fuck it? I'd love to see kiwigirl Teresa back in your pages as well — I have some sperm for her!

### GIVE ME Hardcore

Okay, gentlemen, I just want to share with you some common myths about women that really get under my skin. I'm not saying that these statements don't apply to some women out there (I'm sure they do), but they are not a blanket statement, encompassing all women, and I just want to set the record straight. I'm tired of society misunderstanding women's sexuality. Get ready for a rant!

**Myth #1:** Women aren't visually stimulated. Bullshit. Looking at my man when he pulls his jeans down, and he's hard, and I can see a perfect outline of his cock through his black boxer briefs, down to the groove around the head, I get soaked. Looking up at his tanned

## BOOBS ON BIKES!

chest starting to get flushed, and his brown nipples getting stiff – that alone nearly drives me to orgasm. And, when I see his hand start to travel down his chest, over his abdomen, down to his, Oh God. Don't get me started. I believe this myth is the sole reason why there are practically NO porn sites out there for women!! I want to see some naked men, damn it!! No offense to my gay friends out there (I love ya dearly), but I don't want to have to resort to looking at a gay male site just to find some hot, naked guys! I want a site for straight women wanting to ogle at and drool over straight, hot, naked guys. Can I get an "Amen", ladies??!

**Myth #2:** Women don't like hardcore porn. Bullshit. Just like any guy out there, I want to see some hardcore fuckin'. Not any of this namby-pamby pseudo-sex bullshit, but some real, cock-in-cunt, sucking, licking, fucking, cum spewing hardcore nasty sex. I don't want simulated sex between two people wearing flesh-colored thongs where all I can see is the woman's entire body, and

the man's chest and maybe his ass. What a rip-off. Give me hardcore porn any day.

**Myth #3:** Women are inherently all bisexual, some just may not know it yet. Dream on, boys. Learn to differentiate between fantasy and reality. The reality is, some women are lesbians, some are bi, and some are straight, just like with men. We are not, I repeat NOT all bisexual. I, for one, am straight. I love men, but women do nothing for me. I am not repressed, I am well aware of my preferences and I like men, period. \*(pointing at self)\* Loves the cock!

**Myth #4:** Women don't like hardcore erotica, it has to be romantic, with a plot that they can get lost in. Bullshit. In fact, if something has too much of a plot, I'm liable to skip most of the story just to get to the good part. And if (in the good part) I'm met with insinuations and euphemisms, I'm completely put off. I won't read one more word. They've killed my happy time. I don't want read about his "aching loins". I want to read about his "hot, throbbing cock dripping with pre-cum."

**Myth #5:** Women don't think about sex as much as men. Oh, hell yes, some of them do! And I would venture to bet that some of them could give you boys a run for your money. It's just that when women admit to thinking about sex a LOT, they get labeled a "pervert." Don't ask me why

## WHY IS THIS COP PULLING THEM OVER?

That's right, she's not wearing a helmet!

this is, I've never understood double standards. But it is what it is and many women don't feel comfortable admitting how much they think about sex or some of the raunchy things that turn them on because other people (especially other women) judge them and try to make them feel wrong about it.

It makes women uncomfortable to think that they are some oversexed, perverted nymphomaniac if they admit to and embrace some of the things I mentioned above. For those women, I want to say that you are not alone and there is nothing wrong with you. Women have just been censoring themselves for far too long. Embrace your inner freak, girl!

For the guys: I hope you will take this information to heart. Like I said, it doesn't apply to all women, but I think it's important to know that there are a variety of women out there with different tastes and we are not all delicate flowers. We don't all like to make sweet, gentle love. Some of us want a hard fuck. We don't all want to cuddle. Some of us want to rest for a minute, then climb right back on.

I've reached a level of confidence in my sexuality that I didn't even know was there. I love (and sometimes obsess over) sex, and I'm not going to feel bad about it anymore.

**Apple, email.**

Now that BRASS magazine is seemingly kaput, is there any chance of seeing some of their babes, specifically the ones who get their boobs out, certainly not the boring ones who cover their nipples, in NZX magazine?

# THE ESTABLISHMENT

VENTURE INSIDE AUCKLAND'S NEWEST  
VENUE OF CARNAL TEMPTATION

**T**here's a new adult venue in town. Except this one's not just offering the same ol' same ol'. This is a knockshop with a difference. It promises the perfect combination of relaxation and raunch.

The Establishment opened recently in Auckland's inner city suburb of Eden Terrace. As well as offering the same ol' same ol' (that is, the old in and out), the Establishment offers the enticements of a regular pub...and nightclub...and strip club!

So, the "pub" has pool tables and big screen TVs showing the game. The "nightclub" offers mood lighting and soft couches. And sexy girls will drink with you...or dance around a pole.

The premises are lavish and the concept is impressive: a real life fantasy world in central Auckland. We spoke to the guys who run the place, Shayne and Craig, to learn of their ambitions for the Establishment:

**What should people know about the Establishment?**

**CRAIG:** It's an "adult entertainment lounge" — that's what we call it. It's somewhere for guys to go and enjoy the whole night, rather than somewhere for guys to go at the end of the night. It's the whole package.

**SHAYNE:** I'd call it a bar with extras. It's like the old salons, or the saloon days in the West. You'd go for the drinking and there'd be girls upstairs. One shop that covers the lot. We have to have a brothel licence because that's part of what we're offering, but it's not all we're offering.

**CRAIG:** It's what I *thought* a gentlemen's club was. How it came about was some mates came up to do motor racing and said, let's check out some parlours. I'd never been so I went...and got a shock!

I thought parlours would be more like something I'd seen as a kid on TV — English gentlemen's clubs with cigars and everything. More upmarket. Not just a wham-bam-thank-you-ma'am place. Not knocking the people who do that...but this is a place that I'd feel comfortable going to myself.

We saw potential for doing it differently to the way other parlours were doing it here. I started looking around the world; I went to Vegas, Europe, and the East doing homework, trying to find ideas and concepts.

Then we spent a couple of years trying to find the right building. We didn't want to be in town; that's sort of a Friday to Saturday business, parking's a problem, and everybody else is already in there.

Ready for dictation, Sir?

We wanted to be different. With this location we're close to town, parking's good, and it's a seven day business. You can come on a Sunday afternoon, have a spa, watch the sports, relax and have a good time.

My theory is that 50% of the guys who go into parlours walk out again because they don't feel comfortable. My homework tells me I'm right. I reckon eight out of 10 guys haven't been in a massage parlour at all. That's who we're targeting.

We allow them to feel comfortable. If they want to do more here, they can. If they don't, they can still hang out and it's no problem. If three guys come here and one of them wants to do something, the other two will be happy with the entertainment in the lounge.

**SHAYNE:** We're not knocking other parlours at all. This is just our personal preference of how to do it.

**Craig, you said you looked around in**

**Vegas for ideas. What's the strangest thing you saw there?**

**CRAIG:** The fetish things. People dressed up all wild and woolly. Dragging someone around in a monkey suit...

**What entertainment are you offering?**

**CRAIG:** The girls in the lounge will all be in costumes. We've got strip shows as well. Jelly wrestling. We have two bars. One of them is like most bars...with good music, pool table, big screens. It's a sports bar. Somewhere you can chill out and enjoy yourself with your mates. There are different themes on different nights. Always something happening.

**SHAYNE:** The other bar is more of a lounge. It has a relaxing atmosphere with darker lighting. In the evening it becomes raunchier. We have the stage in there for strip shows. We want the girls to be having fun as well. They dress up. It's a party atmosphere.

**CRAIG:** The girls who work here are entertainers, rather than just the other.

The skirts come off upstairs at the Establishment...

They can dance, interact with the customers, wear costumes. It makes for a fun atmosphere and a fun place to work.

#### **Do you see couples coming here?**

**CRAIG:** Yes. A lot of people we've spoken to who haven't been to parlours have said that they'd come along to the Establishment.

**SHAYNE:** This bar is very much somewhere you could bring your partner to. Have a bite to eat, sit on the deck, sit in the spa pool, just relax and enjoy the pub-type atmosphere. Then you can go through to the other bar, have a lap dance or watch a strip. No pressure.

**CRAIG:** If a couple wants to rent a room, they can do that and have a fantasy themselves, with or without someone else. It's an open scenario. It's a bit like Vegas. It won't be offensive to women.

#### **What's the history of this building?**

**CRAIG:** It's been on the site forever. Originally, one side was the vicar and one side was the nuns!

**SHAYNE:** I remember it from 20 years ago being part of a shoe factory. More recently it was offices. It would be 130 years old, maybe? What we've done is join the two old houses together. At no

stage have we cut corners.

**CRAIG:** It's also light. It's not dark and dingy. You can stroll outside. That's different to other parlours where you walk in in the afternoon and it's as dark as old Calcutta.

**SHAYNE:** As soon as you walk in the gate, this place is its own environment.

#### **Tell us about the theme rooms?**

**CRAIG:** Every room is themed. We have a dungeon. We have a topless hairdressing salon. There's a 70s-style, sort of Austin Powers, Felicity Shagwell room. There's a middle Eastern, Arabian nights, "Dance of the Seven Veils" room. There's a nurse-themed room. We have an office set up for secretaries for the

on-top-of-the-desk scenario. There's a Victorian Western theme with a big claw bath. We have a Geisha room...

**SHAYNE:** Effectively it's all our and our mates fantasies combined!

**CRAIG:** Each room has its own TV and music selection. The girls are all in costumes to match the rooms. And you're not paying extra for a fantasy — the whole place is a fantasy!

#### **Is there a door charge?**

**SHAYNE:** Only if it's a show night. During the day you can bowl on in. Any door charge includes a full package — for instance, free drinks and raffle tickets to win things like lap dances.

#### **How did you choose the name, the Establishment?**

**SHAYNE:** We went through lots of options. We wanted something that was "old world" and fitted the building.

**CRAIG:** Shayne chose the name. It was hard. Originally it was going to be called the Office. We asked around our friends. We had about 30 or 40 different people giving their ideas.

**SHAYNE:** We went through the dictionary. "The Establishment" says everything that we want it to.

#### **You have a big fish tank here. I understand you had some problems it?**

**CRAIG:** It's two metres by one metre and weighs two tons. We had it in there, looking good, knowing that we're opening in 10 days. We came in one morning and the front had blown out. We were up to *here* in water, through the whole place.

We had fish in there that had been grown for five years. One of the piranhas ended up in the reception somehow. Shayne's running around trying to find fish and put them in bathtubs — a bloody nightmare, basically! But we've built a new one, bigger and better than the last one.

#### **What are your own business backgrounds?**

**CRAIG:** Both of us own tow truck companies and have done that for most of our lives. We'd worked with each other and talked about doing other things. Circumstances changed and we decided to go for it. I spoke to Shayne, told him about an idea I had, and he was keen. We wanted to do something new and fun. We'd been in the towing business for 25 years.

**SHAYNE:** My background's also been in property. That's very much about maintenance, whereas the Establishment is about creation. The excitement is in that creation, building it as a business.

#### **Once you've created it, where do you go from there?**

**SHAYNE:** We'll constantly be creating it.

**CRAIG:** We've already designed stage two. Another angle that we've been working on.

**SHAYNE:** It's a process of constant creation. How to improve the insides, how to offer more services to our VIP members. We'd rather be consistent and grow than be a flash in the pan. Long term success is built on a solid foundation.

#### **What's your thinking regarding the morality of prostitution?**

**CRAIG:** I take my hat off to them. No problem at all. It's been around since before tow trucks were! And I thought they'd been around forever!

If you're going to do it, do it well. The girls who do it are a really fun bunch of people. They're out there like anyone else, trying to make a living and put food on the table. If we can do it in a safer, happier environment, that's what it's all about.

**SHAYNE:** We want somewhere where everyone is safe, comfortable, and treated well.

**CRAIG:** We're all in this together. •

### 'E' IS FOR EROTICA

**W**ell how do sexy reader? My, my doesn't time fly? Here I am reading over last month's column thinking how sad I sounded complaining about the cold but by the time you I read this in NZX it will almost be spring time...yep, we have turned the corner back towards hot weather and hotties on the beach, and just in time too as we see the Boobs on Bikes parade hit inner city Auckland streets later this month. Goodness knows that ain't the kinda parade that is a hit in the rain and cold.

Not with all of those pretty girls topless on Harleys! Hell no.

I myself am excited as all heck about the show coming to town. I have enjoyed several years of adult fun at Erotica in Auckland and a couple of other cities besides. Why, that is indeed how I met Miss Jan Maree! Cast your minds back to 2005, the year that porn legend Ron Jeremy starred at the Auckland show. Let's just say that Jan and I had a certain short, dark, rather hairy porn star in common and spent a very happy night in each other's company at one of Auckland's top spots for meeting like-

minded individuals.

Since that night I vowed Jan and I would remain firm friends! After getting to know her better we are much more alike than most people would think.

**T**hanks to a well placed work booking in Christchurch, I was able to be her guest at the Christchurch Erotica in 2006. So much fun for all of us! From the minute the doors opened it was clear that the show would be a big hit for the city and the stars. I met so many fine lookin' boys, one particular blonde hotshot who had travelled all the way from his home in Oamaru. I for one was pleased he had made the journey.

Christchurch definitely knows how to throw a party so it didn't take too much convincing to get me along to the show the following year. 2007 was even more outrageous with a top notch line-up of stars. Including this dude who folds his penis into puppets; I have never seen me such a sight before. I have it on good authority that he was quite the lady slayer, and sent women wild with those talented hands!

I had the most fun with US star Syren whose antics at the wrap party were a catalyst to some outrageous behaviour, including several rounds of naked pool playing. Well I had to get some air! I took a select group to the casino for a few late night cocktails, no joy. A word to the wise, the 24 hour bar in the casino doesn't sell cocktails or spirits...it was decided we should retire back to my suite at the Crown

Plaza and mull over a scotch.

I finished the evening mulling over more than scotch. I had the attentions of a hot young gym instructor from Auckland; he was quite interested in getting me to a class in his gym. I got all the work out I needed in my room that night.

**P**almerston North will always have a fond place in my heart after being invited to spend some time at the expo there last November. Lisa Lewis took it to the extreme with some very hardcore themed pieces and caused quite a stir amongst the fellas from the army base down that way.

Never have I seen a finer top half than that of English rose Hannah Harper. Soft spoken, soft skinned and one helluva dancer! Phoenix Knight is one of the finest entertainers in Australia and was the definite star of the expo stage show. It takes a special woman to dress like an innocent, look innocent, and be wildly dirty in a show.

And so flexible!

Palmy as y'all affectionately call it is also home to one of the finest watering holes I ever did visit. Talisker Malt and a stunning range of cocktails at The Fish made the perfect after-party spot. That was the night that Jan Maree in all her glory fell off the bar and broke her nose. I personally think she was showing off to get the attentions of a certain young bartender who had a thing for eyeliner and girls' jeans. I missed that part of the evening as I was somewhat otherwise engaged with one of the handsome male dancers from the show. I do like a man who can dance.

I guess it is all in the rhythm...

**A**uckland's Erotica really blew my mind last year as the show moved out of the Logan Campbell Centre and into the brighter, bigger new halls at the showground. There wasn't enough space

to contain the ego or the pants size of one male star. All the way from the USA with his blond bombshell partner and a king-sized attitude. He and I were introduced at the Boobs on Bikes parade. It was all very last minute decision to be in the parade but Jan Maree just twisted my arm like she does and how could I say no?

Super secret under cover I donned my custom-tinted full face Shoei helmet and leapt on the back of a Harley for the parade...there is something so liberating about riding topless down the main street of the biggest city in NZ. It was such a buzz! I was on fire that day.

The male star (who will remain nameless) and I hit it off immediately; he seemed very impressed by the considerable assets I fronted up to the parade with. His lady friend seemed interested in getting to know each other better so I promised I would pop back stage at the Star Zone and spend some downtime with the couple.

Well, I did pop in only to be told that sadly the little miss was out and it was just him...all lonely with nothing to do.

Let's just say I gave him plenty to do whilst his lady was away. To this day I can easily say that I have never met another man that can boast such impressive girth...except for say Mr Jeremy, which is how I got caught up in this whole sexy mess in the first place!

I have been lucky enough to see the line-up for this year and I have to say I will definitely be making a beeline back stage to meet up with Veronique Vega, Kayden Kross and the edible Bree Olson! My little friend from last year will be back along with some new little friends of his and I just can't wait till I find myself alone with him!

I also heard from my good gal pal Jan Maree that this year she will be co-hosting the main stage with none other than Mister Ewen Gilmour. I do hope I get to meet one of the funniest men in kiwi comedy. Those two will be hot on stage together, a great compliment to hot girls, hot guys, not to mention all of the show specials on lingerie, films and toys...

Does the phrase, "I have died and gone to heaven" sound familiar?

Erotica, always fun and games...and no one ever loses an eye! Well, at least not for long! I might just make it onto the back of a bike again this year for the parade and as far as the expo itself goes, why I already have my three-day pass! Look out for me there, you never know just where I will pop up, and I always like to make the acquaintance of new folk.

See you at the show, but if not just remember, Dustee loves ya! XXX •

## THE WORLD ACCORDING TO ANDREW X

### SEX & DRUGS & ROCK'N'R... READING?

The demands of impending deadlines have conspired to, unfortunately, keep me out of trouble this month.

So it's to the sedentary, non-sensual, but nonetheless very rewarding activity of reading that we'll turn. Last month (when this column ran in **BRASS** magazine) it was books by porn stars. This month it's books by rock stars. Probably the only group of people on the planet who get more pussy than porn stars.

Although, in New Zealand at least, sports stars have the rockers beat for being rampant man-sluts. Here's why: they make more money, tour more, and have more time off (lots of the rockers still need day jobs).

But sports star autobiographies suck. They have to lie and uphold a façade of "moral standards" to keep the corporate sponsorship rolling in. The rockers labour under no such restraints.

#### SLASH by Slash with Anthony Bozza

*"...I threw my bottle of Jack into the TV set in my hotel room before I passed out. We were a number of stories up, but Ronnie decided that we weren't going to pay for that TV. He climbed out of my window, across the ledge of the building, and into an adjoining room, where he stole that TV and replaced it with the one I had broken."*

That's the top-hatted, effortlessly cool Guns N' Roses guitarist Slash describing a typical day on the road. Ronnie's a roadie.

Slash was born in England and grew up in L.A. with a white English father and black American mother (who went on to date David Bowie in Slash's youth). The most surprising revelation of his autobiography is that, after he'd become famous, Slash dated former underage teen porn queen and nymphomaniac

Traci Lords for a month. And didn't get laid. Not even once.

Is that even possible?

What a dork.

Elsewhere, at least, this book is a 450-page testimony to casual debauchery. Slash gets laid plenty of times (he wakes up with random women blowing him) but drugs are his primary vice. He seems thoroughly bereft of the willpower to resist any and all drugs.

Unless you relate to the drug tales (I don't; sex is my preferred vice), Slash's relentless quest for a fix gets tedious. More interesting, for anyone who digs GN'R, is reading about the process through which the songs on their classic **APPETITE FOR DESTRUCTION** album were written.

Axl Rose is constantly portrayed as a jackass, yet Slash tirelessly defends him from criticism. Axl really does seem like a jackass and Slash's loyalty seems misplaced.

My overwhelming impression upon reading this book: Slash is a bit of a dolt who got really, REALLY lucky by writing that "Sweet Child o' Mine" riff.

#### SEX MONEY KISS by Gene Simmons

*"...if men were completely honest with themselves they would admit to the woman they love as they're walking down the aisle (with the rice being thrown, having just told her that he wanted to spend the rest of his life with her) that they don't really believe it. Even as a man is walking back down the aisle from the ceremony, when he sees the bride's girlfriend has a set of double-D's he's going to look at them."*

I'm not a big Kiss fan. Their hey-day was before my time. I like the same half-dozen songs that most casual fans do: "Strutter," "Deuce," "Detroit Rock City," and two or three heartfelt odes to Paul Stanley's penis.

I'd say I'm a bigger fan of Gene

Simmons's interviews than I am of his band. Unlike many rock stars who, despite their musical talents, are by and large morons, Simmons is articulate, opinionated, and just damn entertaining whenever he opens his trap.

This book, a follow-up to an earlier autobiography (haven't read it) purports to present Simmons's philosophy of life. Essentially it's a diatribe against marriage, monogamy, and spending money.

I think Simmons is a nutcase regarding money. What works for him (a strict me-first approach) is simply too stingy and self-centred. He gets no pleasure from assisting others.

His views on sex and women, however, all strike a thundering power chord, and should probably be considered by any man umming and ahing over marriage. ("The worst thing a man can do, financially and biologically speaking, is to get married.")

Women, however, will hate this book.

#### TOMMYLAND by Tommy Lee with Anthony Bozza

Motley Crue drummer and more-tattooed half of marriages to Pamela Anderson and Heather Locklear, Tommy Lee's autobiography, which has been out for a few years now, features some advice from porn star Peter North.

That is, men should eat celery in order to spurt cum in greater quantity, and they should drink pineapple juice so that their cum will taste sweeter. On the basis that she'll appreciate it. I've heard these theories before. But are they myths or has anyone ever tested them empirically?

If any girls would like to drink my cum on a regular basis over, say, a four-week testing period, I suppose that I can reluctantly volunteer.

Strictly for scientific reasons, of course You'll need to swallow.

The most compelling chapters

of TOMMYLAND concern Tommy's whirlwind relationship with Pamela Anderson, and the four months he spent in prison after kicking her in the butt. (Literally, and just once, and not too hard, but she filed charges and four months was what he got.)

There's a kind of self-help thread running through this book, and it's quite worthwhile for it. I'm not certain how many threesomes I've had in my life. It amazes me that I'm not sure. After a certain number of women have crossed your penis, you tend to forget some. I think about five. Some were good; others were total, if-only-I'd-kept-it-in-my-pants disasters. And pretty much for the exact reasons that Tommy details here. His advice on threesomes is to avoid them entirely.

And have foursomes instead.

I have that to look forward to. Perhaps. If I can shake off all these damn deadlines...

*"...I don't believe that there's ever just one way to do anything. If people tell you no or assure you that you only have one option in any situation, trust me, they're lying. There are many doors to your destiny, people."*

## MISS VIOLET'S ROOM OPEN THE DOOR ON AN ENCHANTRESS

### MENAGE A TRIOS: HOW TO HAVE A THREESOME

It was a late night in the city. After a long night my partner and I ended up enjoying the company of gorgeous, nearly naked women at a local strip club. I was very turned on by what I saw and I could tell my partner was too.

I suggested a lap dance.

Once everything was arranged, we followed her upstairs... I was mesmerized by her gorgeous butt; she was so incredibly attractive. After we entered the room and positioned ourselves on the sofas, she leaned over to me and began to undress me. Not what I expected at all, but I didn't object. Four hands and two sets of lips what; more could I ask for? This was my first ménage a trios.

Whatever combination of threesome, the basic rules apply

in all situations. Although personally I do love two cocks and four hands pleasuring me, I will refer to the more popular female-female-male cartel. Since my first interlude I have indulged in several threesomes, taking the role as the third party and also in a couple scenario. If you ever thought you could only indulge in a ménage a trios via rental or download, you are wrong. Let me guide you through the delicate and complex process of introducing a ménage a trios into your relationship.

#### "HONEY..."

Letting your partner know you want to see her get down and dirty with a third party may not be the easiest thing to do. You might want to try opening up the discussion by talking about your fantasies. Try to slip "threesome" in there and see if she is into it or expresses some curiosity. Honestly tell her how it would make you feel and let her know she would be

the centre of attention and it is not about shagging someone else... and what girl doesn't jump at the change to be fussed over?

Watching threesome pornography might also be a good way to introduce the idea to your partner. The main objective is to bring up the idea as subtly as possible. In no time at all you will be able to tell whether it is a no-go zone or not. You will definitely want to avoid begging or bribery!

#### ESTABLISH YOUR OBJECTIVES AND

Visit Miss Violet at [www.missvioletsroom.co.nz](http://www.missvioletsroom.co.nz)

#### SET BOUNDARIES

So the idea excites your partner — excellent! — it is now time to establish a game plan and set boundaries. This may kill spontaneity, but everyone needs to be on the same page. Discuss concerns and set some rules. Once you and your partner have that worked out, make sure to also include the third party in the discussion to be sure she also wants the same outcome. If everyone knows and respects the boundaries, the more comfortable you will be, more fun will be had, and the chances of it ending in tears are almost eliminated.

#### FINDING THE RIGHT 'ONE'

You have your strategy, now the next hurdle approaches... finding 'the one'. There are a few paths you could take: ask a friend, shop around online, or go 'pro'.

Friends are a hard one. Be aware that they may say no and you will have to deal with awkwardness moving forward. There is always the emotional side of things as well; that can put a stain on your relationship with them and with you partner. On the upside you are

already relatively safe and comfortable with them.

Dating sites can be fantastic if you have time to wade through all the bullshit. If you do have time to kill, give it a go. Be extremely conscious when setting up a profile; do not give out any personal information as people may not be who they say they are. First always exchange a few emails (set up another account for this type of activity) and phone calls (you could get a prepaid card if you were concerned about privacy) to get a feel for the person before you meet them. Meet in a public place before you go inviting them into your home and bedroom. I have met some sensational people online, but there are a lot of weirdos out there as well.

Another option is calling on the services of an escort. This eliminates pretty much all emotional messiness. They arrive knowing what they are doing and then leave you alone never to be seen again (unless you want to). Another plus is that you have a lot more freedom to pick and choose. Be really fussy and ask lots of questions.

Of course not every option works for everyone. There are ups and downs to each. You just have to decide what is best for the two of you. Remember your strategy as well and make sure 'the one' is on the same wave length.

### GETTING DOWN AND DIRTY

"Isn't a threesome something you do when you are drunk and don't care?" Trust me, drinking is not the way to go to get the party going. It can have devastating effects on emotions, not to mention your performance. I would meet in a place where you and your partner are comfortable, a hotel room or your home. Swingers clubs may not be the best place to be if it is your first time, unless you both are very confident.

No matter what you may think, there is always that awkward moment when everyone is fully dressed anticipating the same thing. Someone just has to be brave enough to initiate things. I also suggest that you may want to start with your newfound friend as they may be feeling anxious about intruding into your relationship. If you have hire the help of a professional, he or she will most likely take the lead, so you won't have to worry about that one.

### LASTING THE DISTANCE AND KEEPING YOURSELF BUSY

"When I am done should I just go to the fridge, grab a beer and make myself a sandwich?" Visually two beautiful women sliding their bodies together, kissing, caressing and fingering each other's

moist pussy is enough to make any man aroused to the point of no return. And coupled with anticipation of the event, it's a deadly combination! So one must be prepared. Try to concentrate on the girls and avoid too much genital stimulation or avoid it altogether. This may drive you insane, but the longer you wait, the better the outcome. But if everything turns to custard, don't be tempted to order a pizza. Keep your hands busy and eyes on the action.

### WRAPPING IT UP

The aftermath... cutting the ties with the third party. You may have the desire to lie there and dose off into the night embracing each other. My advice is not

to. After all, it is NOT a relationship. Offer your guest a shower, get up and get dressed. This will indicate that the party is over and that she isn't missing out on anything by leaving.

There are no guarantees that your relationship will come out of this unscathed. Human emotions are very complex. Jealousy and insecurity are nasty creatures that live in all of us. You just have to remember it is not a relationship. It should be something you do together to enhance your sex life and it is very separate from your love for one another.

Good luck with your adventures!

## JULIA'S DAUGHTER

I was sitting on the bus on my way home a couple of months ago, when I realised that a sexy young woman next to me was talking.

"You're Joe, aren't you?" she asked.

"Yes," I said. "Sorry, you look familiar, but I how do I know you?"

"I'm Kate ... Julia's daughter."

"Well, of course you are. Hello, Kate, it's very nice to see you." It was, for several reasons. First, it reminded me of the fantastic night I spent with Julia last summer. Second, Kate was such a hot little thing that just looking at her was quite pleasant; she was very cute indeed, with a strong, curvy little body under a short brown skirt and a tight white top. The same dazzling white teeth as her mum. Very pretty, big brown eyes and curly brown hair, also like her mum. She was tiny, though, probably less than 5 feet tall, which I couldn't work out, as Julia was about 5'8". Third, I remembered that she was born on the very same day as my little sister, so she had turned 18 earlier in the year. Legal meat.

We started chatting about this and that, my sister, what she was doing in Auckland, our summer holidays in Brisbane. Because of the noise on the bus, we had to put our heads very close together to hear one another. She smelled beautiful, fresh and soapy. She was smiling semi-coyly, twisting a lock of hair. Suddenly she asked, "I hope

you don't mind me asking, but what happened with you and Mum that night last year? She got back really late. I'd never seen her so angry at dad when he got back from Wellington. What did you do?"

Wow! "Well, she wanted what happened to remain secret. But use your imagination." I smiled. I liked the idea of her imagining me having sex, even if it was with her mother. "Why was she angry at your dad?"

"Oh, he's been screwing around for years." I knew it, the bloody idiot. "I don't know why she puts up with it. Maybe you were her way of getting back at him, a friend of the family, someone intelligent and handsome and kind." Obvious flirting. More smiling. Her nipples were beginning to poke up under her top: no bra. This was nice. I'd done sisters before, but what about a mother and daughter? This could be fun!

As we approached my stop, I was going to ask if she wanted to come for a coffee with me, but I got no further than 'This is my stop' when she said, "Mine, too." On emerging into the sunlight we both turned north, and then both turned right at the traffic light. "Where exactly are you headed?" I asked.

"With you," she said, and slipped her hand into mine. This was going to be easy.

"Okay. I've a couple of questions for

you, though." I said. "One, how come you're so small? Neither of your parents is short."

"I take after my gran, dad's mum. She's my height almost exactly."

"Okay. Two, what do you think might happen when we get to my place?" (Which by now was just around the next corner.)

"I'm not a virgin, you know. I can put two and two together. I know you and Mum did something that she really liked, and I want some of it too." It was a beautiful sunny day, and I was going to have a beautiful afternoon. She was going to be an easy fuck.

I led the way up to my flat. I kicked off my flip-flops and opened the big window in the living room. When I turned back round, Kate was standing close to me, inviting a kiss. I bent my neck toward her upturned mouth and we had a good deep snog, tonguing hard. She grabbed my arse with both hands and pulled me close, pressing herself up against me. She was a horny little thing. I reached down and started working her skirt up. I was about to grab a handful of bum when she pulled back and said, "Wait. You'll like this, I think." She went straight for my crotch, undid my zip, and pulled out my rapidly hardening cock. Whoa! Fast mover.

She squatted in front of me and started licking the tip of my knob. She

smiled up at me and slipped the whole head in, giving me gentle little nips with her teeth and sucking. This was something her mother had not done, so I couldn't compare, but I didn't need to. She was pretty good. She didn't go really deep, but she had a very nice touch, rolling her tongue around while fondling my balls with one hand and rubbing the shaft with the other. I was quickly rock hard. She was smiling up at me. After a minute or two she stopped and said, "Your cock is beautiful." I pulled her back up to a standing position. As I did so, my shorts slid all the way down to my ankles. I looked like an idiot, but I didn't care.

"Take your top off." As she pulled the t-shirt up and off over her head, her superb little tits came into view. They were as firm as a good apple, and as pert as pert could be. Her nipples were incredible, dark brown and very erect, almost square, as if they had been chiselled into shape. "Oh, my God, you are so gorgeous," I said. I squeezed those beautiful nipples, which elicited an appreciative moan from her.

I took my own t-shirt off, stepped out of my shorts and hauled my underpants down. My cock was big and hard between us, pointing up toward my face. She held it gently in one hand while I reached behind her and unzipped her skirt. It dropped easily to reveal a black thong. "Take that off, too." She hooked her thumbs into the waistband and with a big smile slid it off. We stood naked in front of each other.

"I'm so excited, Joe." I knelt down in front of her. Her bush was like her mother's, not much hair on the lips, but medium thick in the triangle over her mons. I rubbed her tits, popped one in my mouth, and sucked on a rock-hard nipple. She moaned some more as I gave little nips. My hands were roaming her smooth, smooth bum. When I touched her arsehole she let out a little yelp.

"I'm not into that, so much," she said. "Just my pussy, please." No problem for me there. I moved my hand forward, stroked her wet slit, and gently pushed a finger up into her, then another, then a third. I worked her G-spot for a minute or two while continuing to suckle. She moaned and threw her head back. "Oh, God, that feels so good! Stand up again, though, I can't reach your cock like this." I withdrew my fingers and stood up.

She suddenly jumped up, said "Catch me," and wrapped her legs around my waist and her arms around my neck. She was so small that it was incredibly easy to support her. I looked down at her sweet little body with its sweet little wide-open diamond pussy. I reached down with one hand and steered my cock up against her

and moistened the head with a couple of swipes.

"Oh, yes, Joe, put that beautiful cock inside me." She wriggled a bit to get in position and then slid down, down, down, to the hilt. I could have sworn that the velvety, smooth, rich, warm pussy I was buried in was Julia's. A bit tighter, but apart from that amazingly similar. Ha, I thought, I've fucked the mother and now I'm fucking her daughter. Way to go, Joe!

God, did she feel good! After a couple of minutes of me gently pushing up into her as we kissed, she suddenly upped the tempo, and started bouncing up and down on my cock like she was on a pogo stick. Just like when I was eating out her mum, I didn't have to do much, apart from hold her up and stop us falling over. She felt fantastic. Her slit was so tight! It was a long time since I'd been inside an 18-year-old, and I'd forgotten how tightly a young girl can grip with those pussy muscles. I was spearing her good and deep with each bounce, and in a matter of minutes we were both giving great shouts each time she let herself down onto my dick. Anyone passing by in the street below would have had a pretty good idea about what was happening up in the flat with the open window! She was so good, so small, so tight, so incredibly sexy.

As enjoyable as this position was, it was a little tiring. So, still inside her and with her arms still around my neck and her legs knotted around my waist, I shuffled over to the sofa. We collapsed onto it, me on top. She hooked her forearms under her knees and spread her legs wide so I could go deep, deep into her. Her pussy and her whole body were so small I almost felt as if my dickhead was about to poke up through her throat!

We fucked this way for a few minutes, enjoying the sensations. She lowered her legs after awhile and rubbed her tits, pushing them up together just like her mum had done. I put my thumb at the top of her gash and stretched it up, exposing her clit, which I tickled gently while thrusting up into her. It was a perfect little button, all pink and clean and shiny. She caught her breath and then held it for several seconds. I sensed she was about to cum, so I continued rubbing her little clitty and pumping into her.

"Oh, yes, you little beauty," I breathed into her ear, all the while pumping my cock into her tight little hole. "Cum, Kate you sweet, sexy little thing. Cum for me." Her movements got wilder and wilder, and as her climax hit she let out a great wail, just like her mum had done.

Her little cunt throbbed rhythmically while she gasped for breath, and she felt glorious, her pussy juices flowing out onto my balls, her nipples getting even stiffer and poking up even more than before. After about a minute her breathing became easier. She smiled up at me, moaning.

"Oh my God, Joe, that was fantastic. You've done that before, haven't you?" I couldn't be certain, but I had a thought that those were the exact words Julia had used immediately after her orgasm last year. Like mother, like daughter, I guess. "Your turn, now. Um, unless you've got a condom, don't cum in me, OK?"

"OK," I replied. She squealed with pleasure at the power of my thrusts into her. I didn't need long, perhaps 20 strokes. "Sit up. Open your mouth again." I pulled out of her at the last moment, stood over her, pointed my cock right at her, and rubbed. Immediately my jizz flooded up and out. I luxuriated in the sight of it hitting her sweet pretty face in big, thick globs. She flinched ever so slightly when one landed on her eye, but otherwise took it all, smiling up at me. She was so sexy, I wanted the moment to last forever. Two globs went right in her mouth, and she swallowed my cum, which was a big turn-on for me.

"Ooh, it tastes weird," she said. "I've never tasted cum before. I like it, I think." I put my dick back in her mouth for the last bit of my orgasm, and she licked me clean.

We spent the rest of the afternoon cavorting naked around my flat. We fucked three more times in all — on the bed, on the kitchen table, and in the shower. I did her doggy style, she cummed while on top, I cummed in her mouth, and she cummed in mine. Eventually the time came for her to head back to Botany and we said a nice goodbye.

About a month later she called. "Joe? It's Kate. I'm -- um -- I'm coming into town tomorrow and could I come over?"

This could become a very nice habit. •

# ONLY IN MY DREAMS

**A**t 40 years old I'm still active and in good shape. Retired military and loving to keep my body strong. I attend the local university for an extra course and work nights doing security for an adult club.

This muggy, full moon night, I came home and to my surprise found my wife's girlfriend in our house. She works the local bar that was near our home. She always uses our house to change and get a quick bite to eat before and after work. I guess tonight was no different. All the same except...minus my wife.

She asked me where her girl was? I told her about the trip to see the parents. She seemed a bit shocked, as if maybe she shouldn't be about in our house without my wife here. I reassured her to finish getting herself prepared for work and feel at home as usual.

She's a very sexy woman, half Maori, about 5'5" with a thick, sexy, curvaceous body. For the job she always dresses delicious. High heels, tight blouses revealing her large boobs, with always the shortest of short skirts, hugging a very round heart shaped ass... not that I ever noticed...

With her disappearing back into the guest bathroom, I got myself undressed and ready for a shower in the rear, master bedroom bathroom.

The hot water burst against my skin like exploding shells. I had a great muscle workout earlier, and the part-time night work, along with stretching, had pumped up my body. In the full-length mirror, after my shower, I admired my physique. The baby oil felt good on my body. I massaged it into my thick, brown dick as well. And my mind wandered onto erotic scenes with that sexy friend of my wife's. She had the sexiest lips, and I bet she sucked dick like a porn star.

Finishing the pampering of my body, I descended the stairs, only in my blue towel and oiled-up body. Tanya was still in my home and dressed to grab the hot stares, boners, and money from the wallets of her bar's male guests.

Not wanting to seemed surprised, I passed by towards the kitchen and called out to see if she wanted anything?

She continued adjusting her attire in the living room's large mirrors. Then I heard the tap of those high, six inches heels approaching. I turned as she entered the kitchen behind me, getting a full view of that X-rated body.

No words were spoken. We stared at each other only a few moments before, like magnets, our bodies pulled together. Her wet lips tasted as good as she smelled. We grasped air through our nostrils as our lips locked and we traded tongues.

As if she knew my wildest dreams, she dropped to her knees, separated my towel, and kissed my thickening dick.

She sucked and engulfed me. My manhood hardening with each lap of her tongue and getting engorged, thicker and wetter with each thrust into her hot mouth. She grabbed with both hands and stroked and sucked like a champ. Like a dream, the moment was hot and the night's muggy air passed slowly over our heated bodies.

She gagged over and over trying to swallow all of me down her wanting throat. It felt so good. But I wanted to return the gesture just as badly. Lifting her at the shoulders I raised her and then lowered her to the leather couch behind her. She sank into the soft material, raising her short tight skirt above her lovely hips.

Pantyleless, she was.

I stretched open her thighs from armrest to armrest and devoured that wet, pink, delicious pussy. My hands separated her outer lips and I sucked in deep on her poking clit. Her juices flowing like a stream down between her deliciously round butt. Well-lubed from her pussy, I let a finger guide inside her asshole. She eagerly took it and I slowly pushed deeper as I continued licking at the mound between her legs.

Another finger in and I increased the pumping pace. Her hot body tensed and she tightened about my fingers and I continued to work my tongue at her wetness. Her face showed a glow that said all was right in the world.

I reversed her position to doggy style over the side of the leather arm. Her pussy was swollen and squeezed between those sexy thighs and ass, pointing almost straight in the air for me. Diving straight in, I buried my hard brown cock to the balls in that still so very wet pussy. Slamming in and out, over and over and over. Slapping that perfectly shaped heart bottom, I also began to tease at that willing asshole.

Through her heavy gasps for air, she turned her head and said, take it. Her face buried in the couch, she used her hands and separated those ass cheeks. Sopping wet, my large, mushroom shaped cock-head pushed forward into her. Her nails dug into my furniture as her cries of passion rang out.

Her perfect ass wiggled like waves of the ocean as our bodies slapped loud and fast against one another. With my HARDEST, DEEPEST THRUST our bodies suddenly froze...and hot load after hot load of cum exploded into her ass.

"I feel it, I feel it" she exclaimed as she collapsed to her side. The deed was done. •

## SPOTLIGHT SITE

Yep, here's another party we weren't invited to. Brought to you by the folks at [www.partyhardcore.com](http://www.partyhardcore.com). Who never invite us to their little "get togethers". ...

Bastards!

Still, their parties *do* take place in Eastern Europe. Budapest to be precise. And that's a long way to go for a blowjob. Even if said blowjob's performed by several dozen inebriated women...which would make it approximately the best blowjob ever!

Right up until that chick with the buck tooth chafes your cock and you have to tuck it away it for the night.

## VOYEUR'S VIEW

What kind of sick bastard takes upskirt photos of girls dancing in nightclubs? The kind of sick bastard who knows exactly what gets him off, that's who. Umm, we guess. Not that we "approve". *Per se*. And shit.

## TRANNNY WATCH

Just so you don't try picking these "broad" up at the bar. Or at least that's what you tell yourself. Here's a tranny to watch out for from [www.ladyboycrush.com](http://www.ladyboycrush.com). "Avoid" "her".

## SPOTLIGHT SITE

Yes, you're in  
Guatemala now,  
Dr. Ropata.

There's a lot to be said for Latin girls. Especially if we deploy sweeping generalisations. Which we're more than happy to do. If only because it helps keep the fantasy alive.

Such as...that Latin girls are all raving nymphos, they all have fantastic round booties, and they all beg and plead for you to fuck them in the ass.

Which makes this girl something of an exception. She's got the attitude, and the ass, yet somehow the cock is not in her ass? It just doesn't compute!

## SHOOT THE PIANO PLAYER CD & DVD REVIEWS

### DVD: **HATED:** **GG ALLIN & THE** **MURDER JUNKIES**

GG Allin was a total fuck up. Imagine the most fucked up person you know, double that amount of fuck up, and you're

still nowhere near the amount of fuck up that GG Allin channelled into himself and his life.

Then again, the odds were against him from the start. His father, a religious nutbag, helpfully christened him "Jesus Christ Allin". GG's mother later changed his name to Kevin just prior to school commencing so that the young Jesus wouldn't be teased.

For those unaware, GG was an American punk rock singer who fronted various bands from the late-70s through until his predictable death by overdose in 1992. His music was mostly a post-Ramones, buzzsaw sludge (Dee Dee Ramone later joined GG's band for two weeks) except with obscene lyrics (typical song title: "I Wanna Suck Your Cunt"). All of which could be construed as basic, if exaggerated, teen rebellion... were it not for GG's stage show.

Which typically consisted of GG, stark naked, waving his tiny penis at the crowd, punching audience members in the face, pissing on stage, sticking the microphone up his ass, sexually assaulting female audience members, shitting on stage, rubbing his face in the shit, and flinging said shit at the crowd. Riots, beatings, and prison were common results.

Most of which can be seen (including the poop, dear Lord) on this DVD, a documentary of GG's monumentally fucked up life. **HATED** was the first film project for Todd Phillips, who interviews GG and those closest to him. Phillips's future credits include writing and directing

the fun, goofball comedies **OLD SCHOOL**, **ROAD TRIP**, and **STARSKY & HUTCH**; he couldn't be further from that here.

If you want to look at a life lived as a train wreck, view **HATED**. Though be warned: it's disturbing, it ain't pretty, and GG's a consummate, figurative and literal shithead.

Oddly enough, I have a personal connection to GG! I interviewed him in the late-80s (I was 15 and had a punk rock fanzine) and GG wrote a letter thanking me. It always perplexed me that the uncontested wildest man in the history of rock (he makes Motley Crue look like a church choir) would do something as ordinary, and gracious, as write a thank you letter.

Go figure.

Then again, the letter was written in blood.

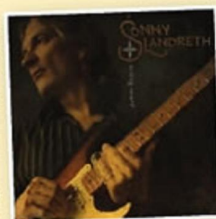

### CD: **MOTLEY** **CRUE Saints of** **Los Angeles**

Veterans of hard rock, rooting celebrity chicks, and general all-purpose

debauchery, Motley Crue have put down the bottle (Vince), the needle (Nikki), the walking stick (Mick), and the penis (Tommy) to crank out their first album with the original line-up in over a decade. Or two decades if you discount 97's lame **GENERATION SWINE**. Making

**SAINTS** a long awaited (by me, at least) follow-up to **DR FEELGOOD**.

And it's good! It has a contemporary sound without sucking the balls of "modern rock" or dismembering their 80s roots. Most important, hooks abound. The title track, "Just Another Psycho," and "Motherfucker of the Year" all lurch with menace. And the chorus to "This Ain't a Love Song" ("This ain't a love song / This is a fuck song / Don't have to singalong") is great to singalong to.

### CD: **SONNY** **LANDRETH From** **the Reach**

Sonny Landreth's a blues guitarist, mostly using a slide, who generally resides

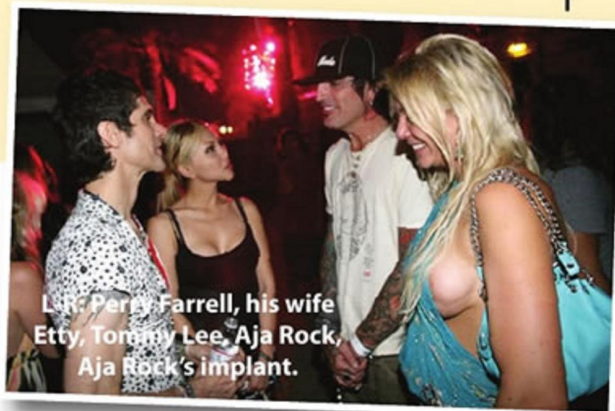

inside a paper bag labelled "musician's musician". Meaning his technique is tremendous, but his music (by which I mean, the one other album I've heard) is boring. He keeps everything too tasteful and restrained to really engage the imagination of anyone other than diehard fans of his technique.

Not the case here. This is because Landreth is able to utilise the collective talents of several other musician's musicians. Dudes like Robben Ford, Eric Johnson (my favourite player next to Satriani), and bigger names Mark Knopfler and Eric Clapton all make their presence felt on guitar or vocal duets.

It adds up to a refined, compelling blues album that won't bore your dick off.

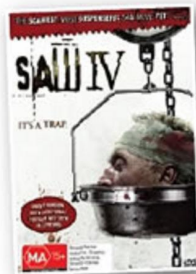

### DVD: **SAW IV**

Ever since **JAWS** traumatised me as a child, I've been squeamish about horror movies. Just don't see the appeal of watching gruesome shit when you could, for instance, be laughing at fart jokes. Like the **BOTTOM** stage shows on DVD. That's some funny shit! But

Left: Perry Farrell, his wife Etty, Tommy Lee, Aja Rock, Aja Rock's implant.

my girlfriend forces me to watch them. Even if, invariably, she's the one left hiding under the seat, couch, or covers, whimpering as to whether it's safe to look again.

That is, if it's a "good" one.

And SAW was good. Ergo, sequels for Africa. Including the new number IV where, despite the bad guy carking it in III, his legacy lingers on for another riveting plot. As with the FINAL DESTINATION flicks, a great sense of anticipation is generated as you await the next inventive, ingenious method of slaughter.

So see SAW so you can say that you saw SAW, saw SAW II too, saw SAW III too, and saw SAW IV too for one night of ghastly see-sawing entertainment.

**CD: FOXY BROWN**  
**Brooklyn's Don Diva**

Return of the original il na na, 90s hip-hop chick Foxy Brown,

previously renowned for being Jay Z's protégé, Lil' Kim's rival, spitting rhymes as tough as any dude, looking good in hot pants, then going deaf (no shit), getting beaten up by hookers, and going to jail. Six years later, Foxy's recovered her hearing and back in the game.

As before, the better moments are either where she's horny ("Dreams of Fuckin' a D-Boy") or rapping in a Jamaican patois. Alas, all the "gangsta this" and "nigga that" lyrics sound tired as fuck, and the vibe I get from the album is...nostalgia. For 1996. Which wasn't long enough ago to be missed.

Soooo, can't help think, this would be a better album if it were enhanced with a video track. Foxy sounds much more interesting when you can see her in hot pants.

**DVD: ROGUE ASSASSIN**

The plot's a threeway clusterfuck — yakuza vs. triads vs. police — that adds up to one entertaining action movie.

ROGUE ASSASSIN

ticks all the necessary boxes: Guns. Bullets. Cool stars. Car chase. Gratuitous boobies. More bullets. Motorcycle chase. Double-crossing sons-of-bitches. More boobies. Sword fight. Fleeting moment

of reflection. Extra bullets. Basically, all the standard issue staples of solid, bang-you-upside-the-head action flicks.

It stars Jet Li vs. Jason Statham vs. Jet Li. Li proved his high-kicking prowess long ago in the ONCE UPON A TIME IN CHINA trilogy. Statham has macho charisma in spades and he's had a charmed run of excellence: LOCK, STOCK & TWO SMOKING BARRELS (classic), SNATCH (ditto), THE TRANSPORTER (decent), CRANK (awesome), and this, which won't do his legacy any harm at all.

Not bad for a baldy.

**DVD: WALK HARD: THE DEWEY COX STORY**

I wish I saw this movie in the cinema. There's an unexpected moment of full-frontal male nudity that would have been shocking and hilarious on the big screen. It's still pretty bizarre on the TV. Brilliant scene.

WALK HARD is a comedic adaptation/spoof of the Johnny Cash movie WALK THE LINE. It wasn't a big hit, but I predict it will attain cult status. Why? It's clever,

very funny, raunchy, and just all-around tremendously good. Which is exactly what's expected of scriptwriter Judd Apatow, whose other credits include THE 40 YEAR OLD VIRGIN and KNOCKED UP, both terrific movies themselves.

Great scenes abound, such as Dewey meeting the Beatles in India, his recurring introductions to drugs, and the support of his loving wife, Edith:

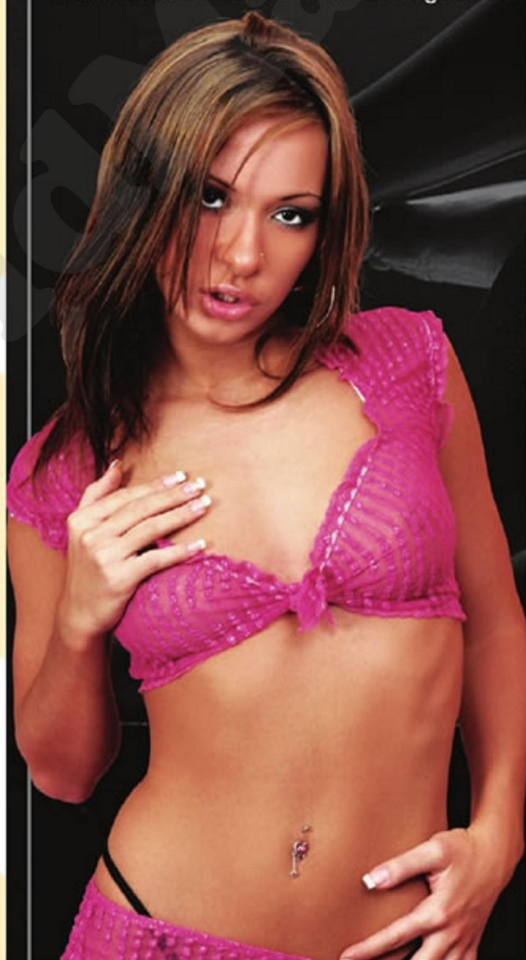

**Dewey Cox:** *Maybe you don't believe in me at all.*

**Edith:** *I do believe in you.*

[pause]

**Edith:** *I just know you're gonna fail.*
